

William M. Figlesthler, MD FACS

Board Certified Urologist and Diplomate of the American Board of Urology

William M. Figlesthler, M.D. is a cum laude alumnus of Wake Forest University and graduated with honors from the University of North Carolina School of Medicine at Chapel Hill, North Carolina.

Dr. Figlesthler completed his Urological Surgery training at the University of Kentucky, Albert B. Chandler Medical Center in Lexington, Kentucky. He has published research on prostate cancer in cooperation with Johns Hopkins University, Baltimore, Maryland and has given numerous presentations at both regional and national conferences.

He has expertise in all areas of urology, including the evaluation and treatment of kidney stones and tumors, hematuria, bladder control problems and cancer, female urogynecological problems such as prolapse, cystocele, rectocele and vaginal rejuvenation. He also performs no scalpel vasectomies and vasectomy reversals, as well as treats prostate enlargement (BPH), erectile dysfunction and hormone replacement. He is a minimally-invasive surgeon, performing nearly all of his surgeries using laser and laparoscopic techniques, as well as robotic surgery using the da Vinci® robotic surgical system.

His special interests include the treatment of prostate cancer, including da Vinci® Robotic Radical Prostatectomy (<http://davinciprostatectomy.com/>). His results for cure, preservation of bladder control, return to normal activities and recovery of sexual function are outstanding and second to none. He has treated patients from all over the United States, as well as, eight countries, three continents and counting. He was featured on Bravo as well as on the ABC evening news local affiliate for his mastery of this surgery.

Dr. Figlesthler is Board Certified, a Diplomate of the American Board of Urology and a fellow of the American College of Surgeons. In addition, he is included in Castle Connolly's "Top Doctors" referral guide based physician-lead research and peer review by leading hospitals and medical professionals.
